FROM:

[redacted]
Chief, Printing and Photography Division, OL

STAT

SUBJECT:

Feasibility and Practicality of P&PD Assuming
the Responsibility for Supporting JPRS Printing
Requirements

1. Attached for your signature is a memorandum to the Director of Foreign Broadcast Information Service (FBIS) recommending that the Office of Logistics Printing and Photography Division (OL/P&PD) assume the responsibility for supporting the Joint Publications Research Service (JPRS) printing production requirements. The recommendation is the result of a staff study (copy attached) which addressed the feasibility and practicality of OL/P&PD assuming the responsibility for supporting the JPRS requirements.

2. In order for OL/P&PD to assume the JPRS printing responsibility, the study and memorandum further recommend that FBIS/JPRS transfer all printing positions, equipment, and FY-84 funding to OL/P&PD. With approvals from both you and the Director of FBIS, a joint P&PD/JPRS task team will be assigned to develop and document a Memorandum of Understanding between the two components and an overall implementation plan for the transfer of responsibilities. [redacted] will be assigned as the team leader from P&PD. While current planning calls for the transfer of responsibilities to be completed by 31 December 1983, work has to begin immediately if that goal is to be accomplished.
